In our continuing commitment to sustainability, our uncompromising environmental plan sets out our endeavours to proactively reduce the impact of our operations, rather than just striving to meet regulations. Our aim is to remain industry leaders and continue to set environmental benchmarks to which others aspire.

Verona

designed by Katerina Zachariades

The Verona collection has been designed to create a softer domestic look combined with the firmness required for contract applications. The form is clean and low with large scatter cushions for lumbar support. The seat cushions are foam and feather filled which gives the comfort of feathers with the support of foam.

The collection includes armchairs, sofas as well as modular units to create a corner layout. A single lounge chair with footstool complements the sofas and can be ideal for bedroom suites.

All Morgan products are made to contract standards using sustainable PEFC timber and first quality CMHR foams. Morgan designs and creates furniture collections with a distinctive harmony of form and function that represents the utmost commitment to originality, quality and value.
