

Miami

designed by Katerina Zachariades

All Morgan products are made to contract standards using sustainable PEFC timber and top quality CMHR foams. Morgan designs and creates furniture collections with a distinctive harmony of form and function that represents the utmost commitment to originality, quality and value. In our continuing commitment to sustainability, our uncompromising environmental plan sets out our endeavours to proactively reduce the impact of our operations, rather than just striving to meet regulations. Our aim is to remain industry leaders and continue to set environmental benchmarks to which others aspire.

In line with Morgan's policy of product improvement and rationalisation the company reserves the right to change specification without prior notice.

Miami

designed by Katerina Zachariades

The Miami sofas and chairs have been designed with a view to creating a striking contemporary version of a vintage style. The sofa has an elegant slim profile but also generous seat cushions to ensure Morgan's standards of comfort. The range is aimed at contemporary reception areas in hospitality or corporate environments.

There are three sizes available, a single seat, and a two or three seater sofa. The sofas have a buttoned detail as a standard on both the inside and outside of the back of the sofa. The single unit can be buttoned if required. As an addition to the range, a bench seat and bar stool are also available which feature metal swivel bases.
