

Siena

designed by Katerina Zachariades

The Siena collection is an elegant collection of tub chairs, swivel base chairs, daybeds and benches. They feature a flowing classic curved profile and simple turned legs or, as an option, a more substantial polished timber base. The 620 model has been designed for meeting and dining applications, the 630 and 630T are ideal for lounge areas

and the 640 is a small versatile swivel chair that can be used in a hotel bedroom or a meeting room. The rectangular and square benches can be useful additions to any space and can be matched with other chairs and sofas from our product range.

In our continuing commitment to sustainability, our uncompromising environmental plan sets out our endeavours to proactively reduce the impact of our operations, rather than just striving to meet regulations. Our aim is to remain industry leaders and continue to set environmental benchmarks to which others aspire.
